

More of what your team needs, all in one place. Now that's convenient.

When it comes to your employees, only the best will do. It's why we're giving them the ability to find care and estimate medical costs in a single online search tool.

Our new tool now makes it easier for employees and their families to find area doctors and estimate out-of-pocket medical costs before they get a bill — which is especially important for employees with high deductible plans.

All results are personalized to employees' plans, spending, and deductibles when they log in.

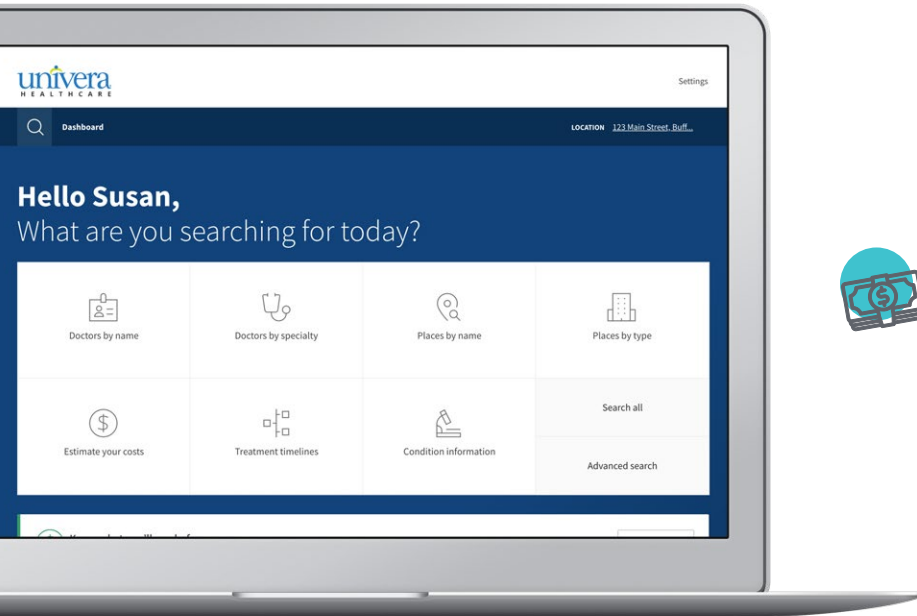

Find a Doctor

- Search doctors, specialists, urgent care, hospitals, and more in our local and national networks*
- Filter results by specialty, languages spoken, if accepting new patients, provider tier, and more
- See side-by-side comparisons and create a PDF of results to save, share, or print

Estimate Medical Costs

- Log in for average estimated out-of-pocket medical costs based on your year-to-date spending and deductible
- Research estimated medical costs across more than 1,600 treatment categories and 400+ procedures
- Filter results by cost, treatments provided, location, and more
- Access treatment timelines to understand the entire process, stages of care, and cost breakdown throughout

Health care just got a whole lot more transparent.

*If the PHCS and MultiPlan logo is present on the back of the Member Card, your plan also provides access to a national primary preferred provider organization (PPO) as a complement to Univera Healthcare's regional network. Network coverage may vary based on plan. Estimate Medical Costs tool may not be available to all plans.
