

Wellbeing for all, all in one place

Putting the power of better health in your employees' hands
with **ThriveWell**SM

When employees are engaged in their health, everybody benefits

Every business wants to help their employees live their best. At Excellus BlueCross BlueShield, we're providing the tools and resources to help make it easier. ThriveWell is now another tool we're supplying members with to help them engage in healthier choices and get rewarded for it!

It's a powerful approach to ensuring a healthier, happier workforce – and a healthier bottom line for your business. And when you can do that, everybody benefits.

Introducing ThriveWell, in partnership with Personify Health

ThriveWell is a digital home base dedicated to engaging teams in health and wellbeing.

Our partnership with Personify Health will give employees the tools to make small, everyday changes to their wellbeing that are focused on the area they want to improve the most. They'll build healthy habits, have fun with friends, and experience the lifelong rewards of better health and wellbeing.

Within ThriveWell, employees will have the ability to:

Connect a fitness tracker so they can log activity and watch for small improvements over time.

Set their interests by choosing to work on areas that matter the most to them, like eating habits, sleep, physical activity, relationships, or finances.

See a clear picture of their health by completing the online Health Check, a certified health risk assessment.

Add friends and family, connecting with up to 10 others to help encourage and motivate one another.

Rally coworkers for the latest company step challenge! Or gather a small group of coworkers or friends, and challenge one another to start a new healthy habit.

Use Journeys® digital coaching to make simple changes to their health, one small step at a time.

ThriveWell will be available to employees through the Personify Health mobile app and web browser.

How rewards are earned

Rewards are a combination of a points and levels game structure with the addition of specific action rewards. The action reward can be earned by completing the health risk assessment (Health Check). This setup allows employees to focus on a few specific actions to earn a reward and will also give them a game experience of working through levels.

Employees will start by registering and setting up their online account for points.

As they complete healthy activities such as step tracking, Journeys, and Daily Cards, they'll move through levels and continue earning points. When they reach milestone levels, they'll unlock Rewards Cash that they can redeem for gift cards and merchandise.

Committed to supporting your employees' mental and emotional health

With ThriveWell, your employees will have the resources, content and tools that support their unique needs around anxiety, depression and stress reduction.

Daily Cards & Healthy Habits

Supports successful behavioral health changes and resilience by prompting members to make small daily changes in their lifestyle.

Journeys® digital coaching

Each Journey breaks a key behavior or a larger goal into smaller achievable steps, helping people improve their health literacy and form new habits as they go.

Personal Spotlight Challenges

Peer-to-peer challenges to drive improved habits across all aspects of wellbeing. Supportive group competition that goes beyond activity-based challenges focusing on mental wellbeing. Includes enhanced participant onboarding, rich educational content to improve health literacy, and immediate access to resources.

Media Library

A new and immersive experience building on our purpose-driven content. No matter where members are in their journey, this is a one-stop destination to help excite and engage them to reach their health & wellbeing goals. Mental wellbeing topics like mindful eating, nighttime anxiety, and more are covered.
